American Indian Treaties National Archives

American Indian Treaties From 1774 until about 1832, treaties between individual sovereign American Indian nations and the U.S. were negotiated to establish borders and prescribe conditions of behavior between the parties. The form of these agreements was nearly identical to the Treaty of Paris ending the Revolutionary War between the U.S. and Great Britain.

What Type of Government Does the United States Have

The United States was formerly a British Colony and fully acquired its independence from Britain in 1776. After its independence, the US set out to acquire new territories, some of which were later admitted as states. The government of the United States is quite unique when compared to the government systems of other countries.

United States History Map Flag Population Britannica

The United States contains a highly diverse population. Unlike a country such as China that largely incorporated indigenous peoples, the United States has a diversity that to a great degree has come from an immense and sustained global immigration. Probably no other country has a wider range of racial, ethnic, and cultural types than does the United States.

Mexican Immigrants in the United States in 2008

Mexican immigrants have claimed the top spot among all immigrant groups in the United States since the 1980 census. In 2008, the country's 11.4 million Mexican immigrants accounted for 30.1 percent of all U.S. immigrants and 10 percent of all Mexicans. MPI's Aaron Terrazas examines their socioeconomic characteristics, where they live, and the size of the Mexican-born unauthorized population.
