## **European Conquest and the Rights of Indigenous Peoples**

This book investigates the representation of indigenous peoples and the denial of their sovereign rights as an important but neglected aspect of the expansion of international society. The expansion of the European society of states to an international society global in scope entailed the progressive dispossession and subordination of non European peoples.

<http://home.schoolnutritionandfitness.com/European-Conquest-and-the-Rights-of-Indigenous-Peoples-.pdf>

## **European conquest and the rights of indigenous peoples**

At the heart of contemporary struggles is the core right of self-determination, and Keal argues for recognition of indigenous peoples as "peoples" with the right of self-determination in constitutional and international law, and for adoption of the Draft Declaration on the Rights of Indigenous Peoples by the General Assembly.

### **European Conquest and the Rights of Indigenous Peoples**

Paul Keal examines the historical role of international law and political theory in justifying the dispossession of indigenous peoples as part of the expansion of international society. He argues that, paradoxically, law and political theory can now underpin the recovery of indigenous rights. At the heart of contemporary struggles is the core right of self-determination, and Keal argues for
