Participation in Indigenous Democracy Voter Turnout in

Introduction. In the last four decades, indigenous peoples living in the territorial jurisdictions of already existing states have mobilized to claim their rights in their capacity as peoples, especially the right to self determination, to ownership of their traditional land and to their own culture (see, e.g., Brysk 2000; Anaya 2009). The development in international law has supported these

What Does Indigenous Participatory Democracy Look Like

The Haudenosaunee process of participatory democracy has its foundation in the family and acknowledges all voices. Governance was rooted at the clan-family level and radiated outward to the larger confederacy level in concentric circles of clan-family, community, and then national participation.
