#### **Overview of Law and Politics the Study of Law and Politics**

Law is one of the central products of politics and the prize over which many political struggles are waged. The early American jurist James Wilson observed that law is the great sinew of government (Wilson 1896, 1, 314). It is the principal instrument by which the government exerts its will on society, and as such it might be thought to lie (at least indirectly) close to the heart of the
