Management Accounting . is the representation we apply to modern OM practices. In Section 3, we describe how the challenge from innovations in OM has been debated in MA research, and discuss in particular the roles of new organisational forms, performance measurement, cost calculations, standard and target setting, and reward systems.

1. Introduction. In the 10th edition of their Cost Accounting text, Horngren, Foster, and Datar (2000, pp. 470-477) (hereafter, HFD) split the change in a company's operating income over 2 years into three components: growth, price-recovery and productivity, thereby extending the efforts of Hansen and Mowen (2000) who split the changes in a company's contribution margin over 2 years into the
