### **10 Best Political Books Ever Written The Swamp**

In the political world, it's easy to get wrapped up in social commentary from both sides of the aisle on television. However, our nation still depends heavily on political books, such as James Comey's recent *A Higher Loyalty* or Hillary Clinton's *What Happened*. It's with these kinds of books that we're able to get a more personal viewpoint of our government and society as a whole.

### **Political economy Wikipedia**

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word *polity* and "economy" signifying the Greek word

<http://home.schoolnutritionandfitness.com/Political-economy-Wikipedia.pdf>

### **Global Political Economy E International Relations**

Global political economy is a field of study that deals with the interaction between political and economic forces. At its centre have always been questions of human welfare and how these might be related to state behaviour and corporate interests in different parts of the world.

<http://home.schoolnutritionandfitness.com/Global-Political-Economy-E-International-Relations.pdf>

### **What Is Political Economy**

The new political economy is not, however, just a resurrection of an earlier approach to economics. Though characterized by a strong interest in the question of how politics affects economic outcomes, the new political economy is defined more by its way of approaching this question.

<http://home.schoolnutritionandfitness.com/What-Is-Political-Economy-.pdf>

### **Political economy Britannica**

Political economy, branch of social science that studies the relationships between individuals and society and between markets and the state, using a diverse set of tools and methods drawn largely from economics, political science, and sociology. The term political economy is derived from the Greek

polis, meaning city or state, and oikonomos, meaning one who manages a household
