The Indigenous Voice in World Politics SAGE Publications Inc

In this fascinating volume, Franke Wilmer examines how indigenous activists are cultivating international support for a program of self-determination and legal protection, as well as how "the indigenous voice in world politics" is transforming civic discourse within the international community. With the United Nations designation for 1993 as the "Year of Indigenous Peoples," this book could not be more timely in its subject matter or in its scale of coverage.

Sovereignty F H Hinsley Hinsley Francis Harry

Professor Hinsley's book, first published in 1966, offers a general survey of the history of the theory of sovereignty, which seeks to illuminate the theory's character and function by stressing the changing social, political and economic frameworks within and between the political societies in which it has developed. It also spans and connects the different intellectual aspects of the concept
